

DiverseNile Seminar Series 2024

Current Research in Sudanese Archaeology

The organisation for this year's DiverseNile Seminar Series is well under way and we hope to have a full programme for you soon. For now, we are delighted to announce that the first talk will be given by Mohamed Bashir (Visiting Research Scholar, Institute for the Study of the Ancient World, NYU) on the 7th of May.

This year's DiverseNile Seminar Series will focus on current archaeological research on Sudan. We particularly hope to showcase work led by Sudanese colleagues, and to discuss the continuation and possibility of archaeological research despite the ongoing war.
